Natalia graced us with her talent as I walked down the aisle on the beach. We were surrounded by our loved ones and she kept the atmosphere light and filled with love throughout the entire ceremony. From beginning to end I couldn't have asked for a better musician with such raw talent. Highly recommend, you won't regret it!

Natalia was amazing. She played my in-laws anniversary party and was incredibly accommodating to music requests (even learned new songs ahead of time that we asked for), and was incredibly personable. An already great evening was put over the top by her music. I'd highly recommend her!

What a wonderful experience. Natalia played for my post-wedding brunch at Wequassett and absolutely blew us away. Perfect addition to the morning and created exactly the ambiance we were looking for. Highly recommend!

It was a tall order to provide evening specific music for our guests' listening pleasure but, also to blend into the framework of a welcome party kicking off our daughter's wedding. Natalia couldn't have been better. Her music is current, beautifully presented and enjoyed by all. She is easy to communicate with, professional to a tee and easy going enough to put everyone at ease. We couldn't recommend her more highly. We'll be working together again.!

Natalia was such an important and beautiful addition to our wedding. She learned two songs that were so important to us. We hired her to play as guests arrived, during the ceremony, cocktail hour, and dinner. She was so easy to work with and has a great song list to choose from. I would recommend her to anybody looking!

We hired Natalia to play for our wedding; 10/10 best choice ever. 11/10. Her music is beautiful, she was absolutely professional, adaptable and perfect. We were still figuring out our music up to the last day, and she was completely flexible. I didn't worry about the music for a second!

Natalia did a BEAUTIFUL job singing at our wedding. She took the time to personalize the songs we asked her to cover and it was a dream. Better than what we could've asked for!

Natalia is incredibly talented! I hired her to play live music for my wedding. My husband is from Italy, and I wanted to surprise him with some Italian music, not only did Natalia learn the songs, but actually sung in Italian! It was such a memorable experience for us. During the reception, I asked if she knew a certain song, and she played it without missing a beat. I envy talent like that. I highly recommend her for your wedding or any function!

{About Me}

Hi! My name's Natalia Bonfini and I'm a professional musician from Cape Cod. I've been lucky enough to tour all over the country and now I perform full time for weddings, special events, and public shows alike!

When I'm not performing, I love spending time with my family and my rescue pup, Bree. I volunteer with a few local rescues and shelters and enjoy fostering animals in need at home.

I grew up in Italy, so the Italian culture has a very special place in my heart. My perfect night consists of cooking with my family and then enjoying a big Italian meal! You might also find me on one of Cape Cods many beautiful beaches studying a crossword puzzle.

I truly believe that having music during the special moments in life makes them all the more memorable and I'm so grateful to be a part of your moment!
